

Channel Racing Update

At today's meeting (10/05/2022) with Defra and representatives from the devolved Governments we were informed that

1. That the registration process for Scotland will go live at 10am on the 24th may 2022.
2. From the 24th May 2022 the registration process for Scotland will begin when your application is sent to Defra. It will be processed right away with no waiting as Scotland do a digital process for registration.

The registration will have to be updated every year.

3. The Export Health Certificate along with all guidance notes will be published on 24th May 2022.
4. Defra has advised that following the registration process going live we will be kept updated and will have to registered with an Official Vet who will come to the loft once a year.
5. The SHU will update the website when any information is received from Defra.
